

REMARKS

This Second Preliminary Amendment is being submitted to comply with the requirements of 37 CFR 1.121(d) and 1.84(t) by removing the client/matter number from the upper left corner of the PCT drawings as originally filed. 37 CFR 1.84(t) states, in part: "The sheets of the drawings should be numbered in consecutive Arabic numerals, starting with 1".... Therefore, the drawings attached hereto are identical to the PCT drawings except for the removing of the PCT client/matter numbers from the PCT drawings.

With the entry of the foregoing amendment to the drawings, the application is believed to be in condition for examination and allowance. Consideration of the claims, leading to their allowance and passage of the application to issuance, is respectfully requested.

Respectfully submitted,
